

Playground Equipment Rules

1. **Zoom:** Line up on the platform north of the zoom and wait our turn to go one at a time, then push the Zoom back. If the child wants a push from another child, that is fine.
2. **Yellow Monkey Bars:** We line up on the steps and platform and go left to right. Then, get off and go to the end of the line if we want another turn. We don't turn around and get back on.
3. **Blue ramp:** We only run up this ramp, not down.
4. **Big Blue Slides:** We only slide down these slides on our bottoms with feet in front of us, never run up them.
5. **Swings:** We only sit one at a time on the swings. We push from behind. No pushing on the red swings.
6. **Balance Beam:** We hold onto the side bars and walk on the beam. We don't twirl on the bars.
7. **Clubhouse:** We only sit on the clubhouse parts.
8. **Three set swinging bars:** We line up behind them facing the school. We do one trick and then we get off and go back to the end of the line if we want another turn.
9. **Funnel Ball:** We throw the rubber ball (kickball) into the funnel.
